

Advent Fair 2023 is coming November 26 after church in the Social Hall. Advent Wreath Making tables will be provided for families to take turns making a wreath to enjoy at home throughout the Advent & Christmas season. A light soup meal will be provided.

As a measure of conservation, if you have saved your wooden or Styrofoam wreath base at home from a previous Christmas, please bring it to recreate a new wreath for 2023.

Supplies of various colored candles, ribbons, fresh cut greens, and wooden bases with drilled candle holes will be available for you and your family to build a uniquely beautiful advent wreath.

Adults should supervise young children, especially with the use of scissors and pruning shears. Questions? Contact Eileen Reichert 206-930-3276 or bereichert@q.com.
